

# **Lubrication Maintenance Addendum**

**2004**

**Navigator  
Ambassador  
Imperial**

The information printed here reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this document is subject to change after the date of printing. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within the owner's manual and/or this document may not be accurate at the time of your purchase. Please confirm any information with your dealer.

The following information supersedes the information published in the 2004 Navigator® Owner's Manual, page 499, section 10; 2004 Ambassador® Owner's Manual, page 391, section 10 and the 2004 Imperial™ Owner's Manual, page 449, section 10. Please utilize the information provided henceforth.

**©Monaco Coach Corporation. Holiday Rambler® All rights reserved. All other trademarks or registered trademarks are property of their respective holders. Brand name products of other companies mentioned in this addendum are not endorsed by Monaco Coach Corporation.**

*ATG04264*

The information on page 499 of the Navigator® manual, page 391 of the Ambassador® manual and page 449 of the Imperial™ manual should be updated. The updated information (in bold) reflects the following changes:

---

## LUBRICATION MAINTENANCE

The slack adjuster and camshaft need to be lubed periodically to ensure proper brake operation. Lubricate every 10,000 miles or **every six months**.

### **Current Text:**

Rear Drum Brake -

Lubricate until new grease appears at exit points.

Use NCCI #2 Lithium Soap base grease.

### **Supersedes Current Text:**

Rear Drum Brake -

Lubricate until new grease appears at exit points.

Use **NLGI #2** Lithium Soap base grease.
