HOLIDAY RAMBLER®

This is Living®

STEP UP WITH A COMPANY YOU CAN COUNT ON.

Now's the time. You're ready. Your family's ready. And the full-sized adventures of a full-sized motorhome are waiting. For peace of mind, nothing beats the quality and reliability of Holiday Rambler's Admiral SE. Yes, it's a big investment. But with more standard features, great warranties and the very best owner support in the industry, it's also an exceptional value. We know how much you love the outdoors. Now, you can go farther, live larger and experience it all — plus, turn a few heads along the way. This is the right coach at the right time. The 2006 Admiral SE.

THIS IS WHERE WE INVITE YOU TO KEEP SCORE.

Climb aboard other motorhomes, and the first thing you want to do is duck. Not so in the Admiral SE, thanks to its full seven feet of ceiling height. We also encourage you to take a closer look at the quality and workmanship inside the coach. You'll find many residential details and finishing touches, including the beautiful cabinetry with raised panel overhead cabinet doors, crown molding and wood slide-out fascia. Plush fabric furnishings come standard, and you're welcome to customize your interior with a wide range of furniture options, including a stylish OptimaLeather™ Euro-recliner with ottoman.

A) You'll relax in style in the Admiral SE's bedroom, with a queen bed and beautiful color-coordinated bedspread and decorative pillows. You'll find plenty of storage space to help keep things tidy, and for your entertainment, there's an optional 20" TV tucked in a swing-away cabinet (a stationary cabinet on the 36DBD). Two bedroom floorplans of note include the 37PCT with a desk and barrel chair and the 36DBD with a private bath in the rear of the coach.

GATHER AROUND AND SHARE YOUR EXPERIENCES.

The kitchen and dining area are the hub of your daily life, and in the Admiral SE, you'll have everything you need to create gatherings to remember. Every inch is put to good use, with pantry storage, overhead cabinets with an adjustable shelf, a silverware drawer organizer and a trash can in the base cabinets. At the sink you'll find a single-lever brushed nickel faucet and a handy separate faucet for filtered water. The top-notch appliances include a large double-door refrigerator (a four-door model with ice maker is optional), a high-output three-burner cooktop and a versatile microwave/convection oven.

- A) The vanity and medicine cabinet offer plenty of storage space to keep your essentials in place while traveling. An easy-to-clean one-piece fiberglass shower comes standard (a bathtub is optional) and features a stylish obscure glass enclosure. A thoughtful touch is a light on the wall inside the shower.
- B) The beautiful arched-back wood booth dinette offers the convenience of a side-slide adjustable table top and a large, 30" storage drawer. If you prefer, you may choose the option of a freestanding dinette with two stylish chairs and two folding chairs.

THIS IS OUR COMMITMENT TO SAFETY.

Virtually every feature in the roomy cockpit is designed to enhance your safety and comfort on the road. It all begins with our steel cage cockpit construction, giving you maximum protection. For eyes and ears behind the coach, you have the option of either a rear vision system with audio or the new three-camera system with adjustable center camera. Another convenient option is a driver's side door with power window.

1-PIECE WINDSHIELD

You'll have the largest, and safest, unobstructed view in the industry, thanks to our exclusive Panaview™ 1-piece windshield. Slender side pillars increase your peripheral vision and the wipers are conveniently mounted below your line of sight. The exterior mirrors are also mounted on the front cap — so you don't have to turn your head away from the road. Inside the cockpit, optional power sunvisors and pull-down sunshades eliminate dangerous glare.

- A) The automotive dash features a burlwood instrumentation panel with easy-to-read gauges. Power steering, intermittent wipers, cruise control and a CD player all come standard, and the prep for a CB radio is optional.
- B) Our side-hinged baggage doors are the absolute simplest to use, making it easier to reach inside the storage compartments and giving you a better view.

A

HOW DO WE FIGHT DRIVER FATIGUE? WITH MORE COMFORTABLE SEATS.

Longer drives are a breeze in the comfort of the Admiral SE's cockpit seats. Fabric seats come standard, or you have the option of soft touch vinyl. For the optimum driving position, the pilot's seat has six-way power controls, which are optional for the co-pilot. A wood center console houses cup holders and either a tip door or front drawer, depending on the chassis. The co-pilot has a handy dash workstation, the perfect place for a laptop computer.

WE'VE GOT YOUR BACK.

- Live customer support 24/7/365
- 350 Nationwide Service Centers
- Free first-year enrollment in our Owner Advantage Roadside Assistance Program
- Call 1-800-634-0855 or 1-800-650-7337 to arrange a tour of one of our state-of-the-art production facilities in Indiana or Oregon.

WHERE ALL THE DETAILS COME TOGETHER.

Holiday Rambler has long set the standard with warm, inviting interiors that feature a perfect harmony of fabrics, accents and carpeting. We've also led the way with stunning woodwork and superb craftsmanship, including raised panel cabinet doors, self-supporting top-hinged overhead doors, wood drawer boxes and heavy-duty ball bearing guides. Select the combination that suits you best to customize your Admiral SE and make it distinctively your own.

SMARTSTRUCTURE II: STRONGER AND BETTER

The SmartStructure II truss system provides unbeatable chassis strength by maximizing the inherent strengths of its strain-hardened steel. For seamless performance, SmartStructure II is fully integrated with your choice of Ford or Workhorse chassis.

Strain-hardened steel combines with an aerodynamic metal removal principle to allow stress flow in the truss system to evenly distribute both static and dynamic loading across the coach platform.

Integrity is stamped into the truss system, instead of relying on the welds of the tubular structure. This equates to 40% fewer welds, and, along with strategically located metal removal, reduces the overall chassis weight and provides for greater carrying capacity.

4,000 lb. hitch receiver with 4-pin or 7-pin dual connector.

The anti-lock braking system (ABS) offers superior stopping power, especially on steep grades.

AT HOLIDAYRAMBLER.COM, WE'RE ALWAYS OPEN.

Visit our website anytime day or night to check out the latest product news and updates. You can also take a factory tour, find a dealer near you, get information on club events and much more. It's also an easy way to contact us via e-mail.

www.holidayrambler.com

5-LAYER SIDEWALL CONSTRUCTION: (left to right)

- Smooth gel coat fiberglass is standard on 33'-37' models; smooth .060 aluminum is standard on 30PDD
- Interlocking C-Channel filled with 1-1/2" fiberglass insulation bonded in place so it doesn't sag or leave spaces uninsulated
- Vapor barrier
- Bead foam adds comfort, saves energy and provides a thermal insulative barrier
- Interior paneling

SLIDE-OUT CONSTRUCTION:

When you get a Holiday Rambler, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.

9-LAYER ROOF CONSTRUCTION: (top to bottom)

- One-piece peaked fiberglass roof
- Luau backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

VORTEC:

Shown here is the Workhorse chassis' Vortec™ 8100, 8.1L V8 engine. It features 340 HP and 455 lbs./ft. torque. The Ford chassis comes standard with a 6.8L 3-valve V-10 engine with 362 HP and 457 lbs./ft torque.

ALUMAFRAME® CONSTRUCTION SINCE 1966:

The Admiral SE features Holiday Rambler's exclusive Alumaframe® Superstructure. Our revolutionary system of aluminum C-Channel crossmembers runs the entire length of the unit, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames — and much more reliable than butt-welded or screwed joint designs. From dirt roads to potholes, you can count on Alumaframe® to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

Wood Aluminum (Butt-Welded) Alumaframe® (C-Channel)

4-LAYER FLOOR CONSTRUCTION: (top to bottom)

- Structurwood™
- Blue foam insulation
- 1-1/2" aluminum tube
- Three-ply poly underbelly

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Holiday Rambler provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Holiday Rambler dealer for unit availability and further information.

The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Holiday Rambler models. Holiday Rambler, the HR logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.

Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

LP Tank (Gal.)***	24	24	24	24	24

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner's Manual for further towing information.

** Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

WEIGHTS/MEASUREMENTS

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner's Manual for further towing information.

** Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

20 ADMIRAL SE® 06

Thank you for taking a closer look at the 2006 Admiral SE. In addition to its many creature comforts, this value-packed gas coach includes countless conveniences and safety innovations you'll want to experience firsthand. Poke around. Kick the tires. Open and shut every door and drawer — twice. And most importantly, take a drive. You can count on our expert sales team to answer all your questions and demonstrate why this truly is the best experience the road has to offer.

WARRANTIES

12 MONTH/24,000 MILE basic limited warranty

5 YEAR/50,000 MILE limited warranty on aluminum or steel frame structure of sidewall, roof, front and rear cap

3 YEAR/36,000 MILE limited warranty on Ford or Workhorse chassis

Applies to certain models. See owner's manual for complete details.

ALL EYES ON THE ROAD AHEAD.

If you're considering a Holiday Rambler, chances are you share our pioneer spirit. For us, it goes back to 1953, the year we introduced our first travel trailer. Since then, our countless innovations have helped create a rich, rewarding lifestyle — and a new way for families like yours to go exploring.

Yes, we're proud of our heritage — but we're not looking back. In these pages, you'll discover that we continue to lead the entire industry. With exciting new features, powerful chassis, remarkable floorplans and, as always, more ways of keeping you and your loved ones safe.

Whether you're looking for the value of a towable, the convenience and economy of a gas motorhome or the top-of-the-line luxury of a diesel coach — Holiday Rambler has an unbeatable model for your budget. Because in 2006, one thing's for sure. We're still paving the way.
